

P-SR20/30/40

Cinema sound rack

The P-SR20/30/40 is a stand-alone 19" rack with usable height of 20,30 or 40 rack units and 60 x 60cm (wide and deep) specially designed for cinema sound installations.

It is completely assembled at the factory and ships with pre-installed accessories to save installers time in the field while eliminating packaging waste. Racks include steel removable side doors and top ceiling.

All structural elements are made of steel and finished in a durable black powder coat. They are equipped with two pairs of steel rackrail, front and back, and with 4 adjustable feet (optional wheels). Power distribution can be provided as an option providing free power outlets fed from one single general power input to the rack.
