

P-SPASIVEBOX

Silencer box for boothless cinemas

P-SPasivebox is the solution when sound disturbances can negatively affect the viewing experience in a cinema

It is a robust bracket to hang the Barco SP2K-7/9/11 and NEC NC-1202L projectors from the ceiling, in a fixed position, attach it to our ceiling lift P-LIFTBOX or our wall lift P-WALLIFT

P-SPasivebox is also a passive enclosure designed and optimized for Barco SP2K-7/9/11 and NEC NC1202L, especially for the smallest projectors. It provides a noise reduction of 10 dB while keeping the cooling of the projector in standard performance

TECHNICAL CHARACTERISTICS

- Noise reduction 10 dB
- Passive box: nor fans neither power supply needed
- Material:
 - Aluminium
 - Steel for structural components
 - Fire proof sound isolating material
- Weight: 68 kg
- Size: 1434 L x 974 W x 573 H mm
- Hushbox with structural frame to be hung directly from the ceiling, attached to our scissor lift P-LIFTBOX or our wall lift P-WALLIFT
